# ESG Evaluation

## ENVIRONMENTAL

## SOCIAL

## GOVERNANCE

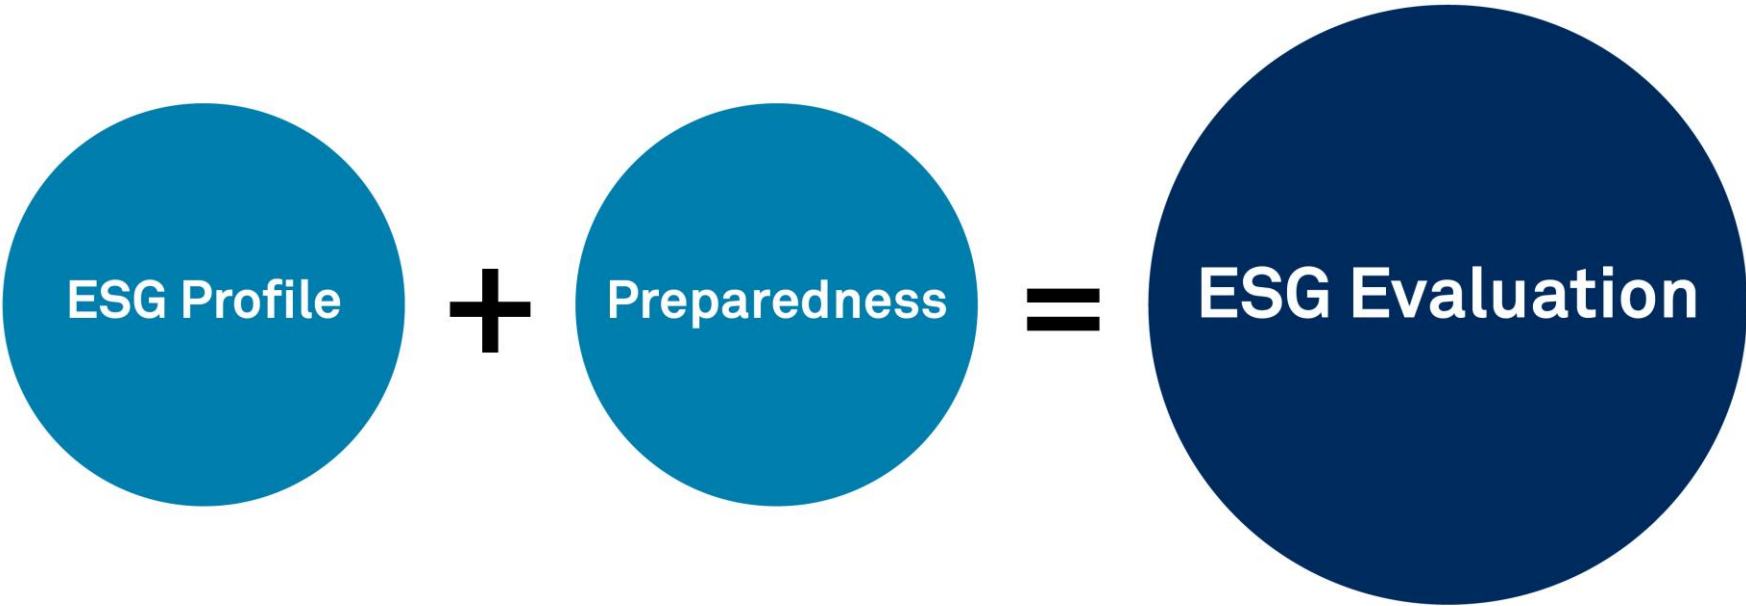

ESG Evaluation is a **cross sector ranking** of a company's **ability to operate successfully in the future** and **optimize long-term stakeholder value** in light of an entities natural and social environment & the quality of its governance.

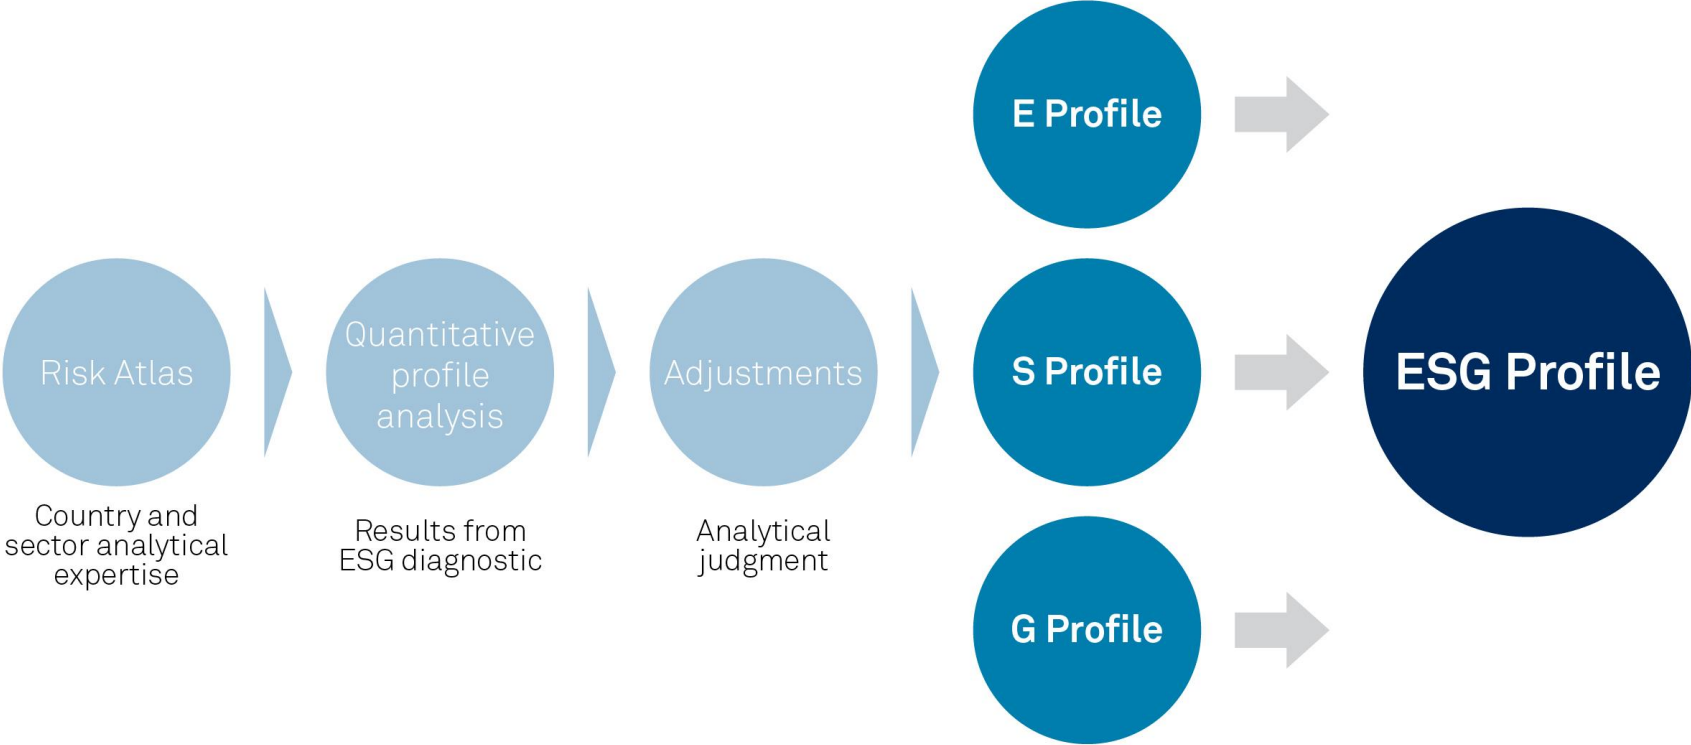

## ESG Evaluation Process

---

# Alignment with existing standards

The ESG evaluation covers broad topic areas in line with existing standard setters such as Sustainability Accounting Standards Board (SASB) and the Global Reporting Initiative (GRI). We will also provide an alignment assessment based on the TCFD's recommendations.

## **Governance:**

- Structure & Oversight
- Code & Values
- Transparency & Reporting
- Cyber-risks & Systems

## **Social:**

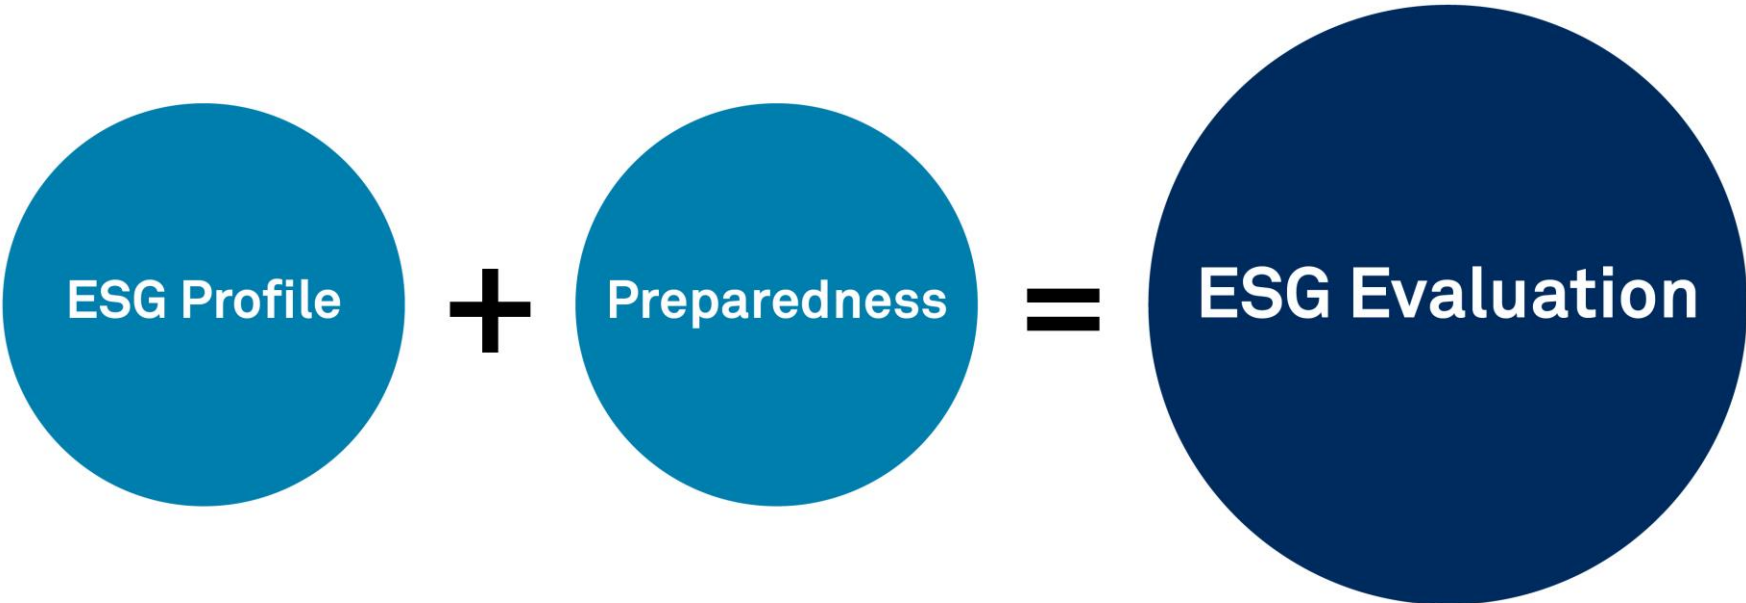

- Talent management
- Safety management
- Customer engagement
- Communities

## **Environment:**

- GHG emissions
- Waste
- Water
- Land Use
