

### **Susanna Invernizzi – Senior Executive Fellow in Financial Markets**

Susanna Invernizzi is Senior Executive Fellow in Financial Markets at SDA Bocconi School of Management, based in Milan, Italy, where she lectures on infrastructure financing.

She began her career in finance at Goldman Sachs, where she worked in investment banking. She then transitioned to equity research, focusing on the utilities and infrastructure sectors, and held leadership roles at Lehman Brothers and later at Barclays on a global level.

Since 2014, Susanna has served as a Managing Director at Morgan Stanley Investment Management in London. At MSIM, she has played a key role in investment management decisions for the MS Global Listed Infrastructure Fund, focusing on transport infrastructure and utilities in Europe, Asia, North America, and Latin America.

She graduated cum laude in Business Administration at Luigi Bocconi University and obtained a CEMS master's degree at HEC Paris.
